

PLEASE NOTE:

- This report is based on SARS verified stats. The verified stats will be corrected up to 2 years in arrears on an *ad hoc* basis.
- Declared price = FOB price. The Tariff, VAT, 10% added in order to calculate VAT by law, CIF, clearing and cold store costs at Port of Entry and delivery costs need to be added per tariff line.
- In order to compare import values to local production, the wholesale price needs to be compared. Also note that most local producers quote a list price and will then discount, by varying percentages, from these quoted prices.
