✉ 86142 City Deep, 2049
Peca Poultry
Delmas, Mpumalangs

Position: Farm Manager – Broiler Production

📍 *Location: Delmas, Mpumalanga (Accommodation provided)*

About the Role:

Opportunity available for a **Farm Manager** to oversee environmentally controlled **broiler houses**. The ideal candidate will have strong technical skills, leadership ability, and a proven track record in intensive poultry production.

Minimum Requirements:

- 5+ years' experience managing **environmentally controlled poultry houses**
- Strong **mechanical and electrical proficiency**
- Experience with **SKOV/MUNTERS climate control systems**
- Computer literate with solid record-keeping skills
- Proven ability to lead a team and drive productivity
- Physically fit with no allergies to feathers/dust

Key Responsibilities:

- Oversee daily operations of broiler houses, including chick placement, feeding, ventilation, and bird health
- Manage climate control systems to ensure optimal production conditions
- Monitor and maintain water, feed, and sanitation systems
- Enforce biosecurity protocols and ensure accurate documentation
- Lead, train, and manage farm staff effectively

Benefits:

- **On-site accommodation provided**
- Competitive salary based on experience
